

CHANGE IN FILE STATUS
APPROVAL FORM

DATE November 16, 1987

CURRENT FILE NO. DOE/045/016

RECOMMENDED FILE NO. Closed

COMPANY AND MINE NAME Kennecott Minerals Company

REASON FOR CHANGE IN FILE STATUS

Kennecott originally filed a mine plan (MR-1) with the Division on October 2, 1980. Review of the mine plan indicated that less than 2 acres would be disturbed at the site, and prompted our issuance of a DOE. The project was a 10,000 ton bulk sample. The sample did not pan out and Kennecott has since dropped the project.
